

Using a digital camera, take photos of the Playgroup children. Print them off using a coloured photocopier or printer and cut out the faces.

Trace around children's feet while they have them together so you end up with one shape. Also, trace around each hand individually. Children can help cut them out and shake glitter onto them.

Glue the head onto the heel end of the "footshape" as the angel body. Glue the hands on either side as the wings. Attach a piece of ribbon so that it can be hung on the Christmas tree. See the attachment for a view of the finished product
