

Miriam's activities

Miriam Schmidt - BECT member suggests activity ideas for you to use at your playgroup

Theme:

Summer/The Beach/Sea Creatures

Activity 1

Photocopy or draw with permanent pen some things you find in the sea or at the beach. One per page is quite effective.

Children paste over the sea shapes, then sprinkle with dry sand.

NOTE: some glitter in the sand gives a sparkly effect.

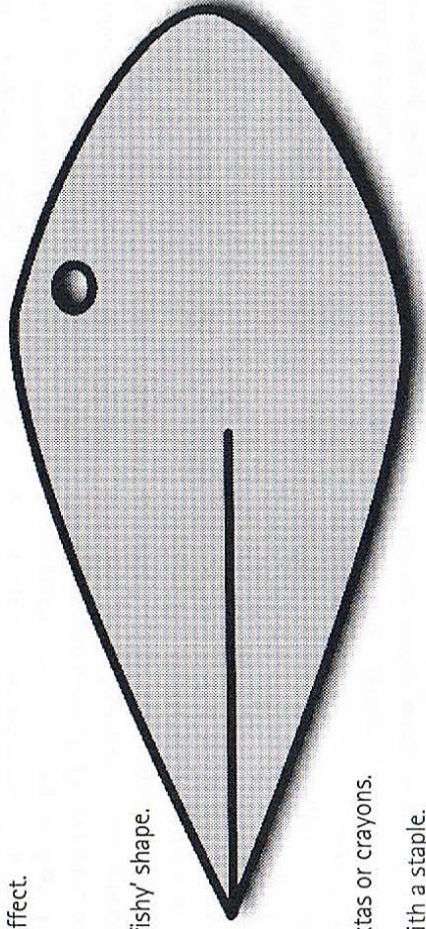

Activity 2

Use light cardboard or thick paper to create a 'fishy' shape.

Cut out the shape (left)

and also along the line to the middle.

Dimensions are about 220mm x 110mm.

Stick stickers on the shape, or colour it with textas or crayons.

Fold the 'tail' pieces over each other and join with a staple.

Punch a hole and attach a string to hang it. Intersperse the fish shapes with crepe paper or bubble wrap strips for a great mobile.
